

Agony

Give me a thing to feel much higher
give me today more trust
and get to go in the future
and get to take much more
and we freak out to presenting
dancing to the beat
closer make us to be death
rumours inside us
- and I found truth

Ugly kids are in the nation
destroying all the builds
violation is normal
forgetting all the rules
to bleeding out of body
to bleeding out of head
a rope around your throat
one minute to be death
- and I found me

Truth - Death - Life - Fun
Fun - Fun - Fun - Fun
- after life

Finally death get into
hereafter - now
and get into next other life
finally death get into
hereafter - now
and get into next other life
in next life

Truth - Death - Life - Fun
Fun - Fun - Fun - Fun
- after life

Dead souls calling me
now and everytime
feeling like hereafter
walking to the line
and make to be must make
and take to be must take
forgetting the shit life
- and I visit the death
